## **Radio Free Detroit Overview: Mission and Purpose:**

Radio Free Detroit is a 24-hour non-profit online broadcasting platform dedicated to showcasing podcasts and radio shows produced by community members, organizations, DJs, musicians and students.

Our mission is to provide a platform for diverse voices, facilitating the expression of ideas and opinions, fostering community engagement and offering global exposure.

### **Key Objectives:**

#### **Empowerment:**

Provide opportunities for individuals and groups to participate in discussions, share perspectives and increase awareness on various issues.

**Visibility and Support:** Promote community initiatives, attract sponsors and create connections within the industry.

#### **Accessibility:**

Offer broadcasting opportunities on a non-corporate platform that reaches a global audience.

### **History and Services:**

Established in 2004, Radio Free Detroit offers a wide range of programming for satellite radio, secondary HD Radio stations, online radio stations and community radio stations. We support community organizations and individuals by offering broadcasting opportunities and training in accordance with the Local Community Radio Acts, particularly in areas where resources are limited or unavailable.

## Radio Free Detroit

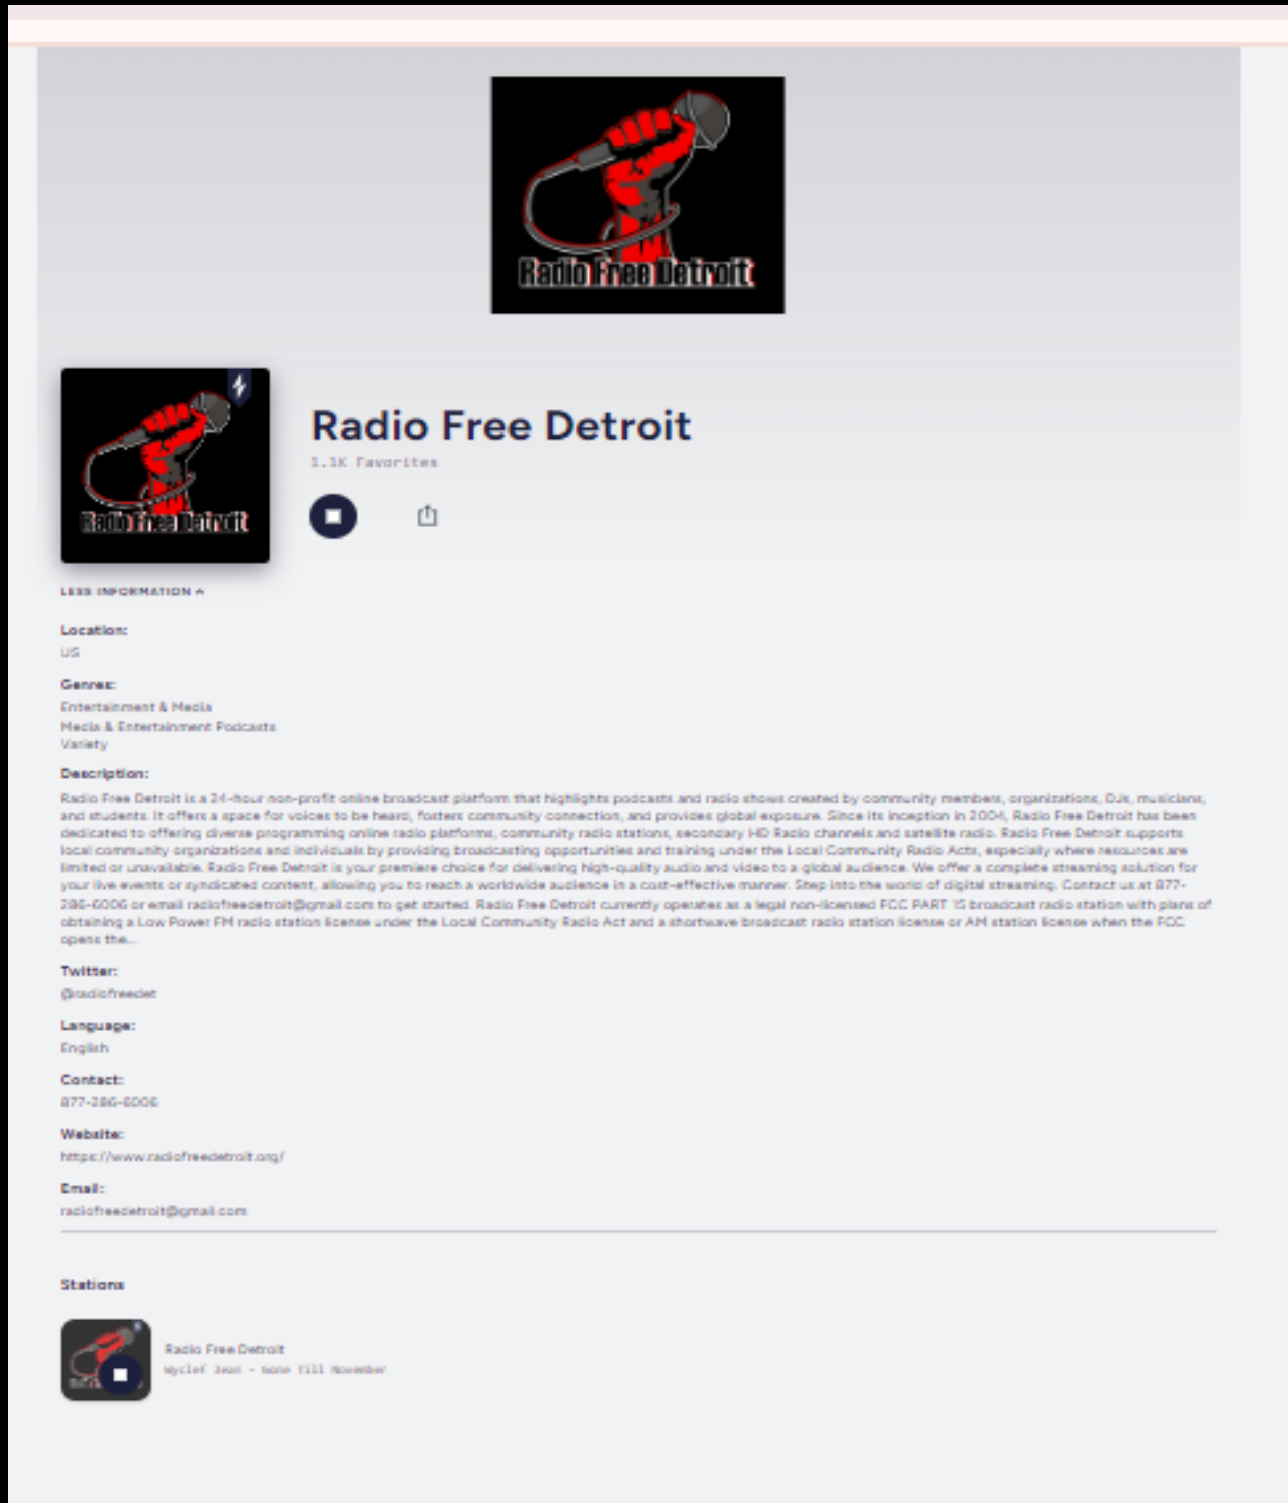

**24-hour broadcast entity providing local content and support to communities in the Great Lakes region.**

Radio Free Detroit is an online radio station that focuses on showcasing podcasts and shows from underrepresented voices - such as non-profit organizations - in an effort to promote them. The project understands that the radio space has been largely dominated by large corporations and seeks to give voices to the voiceless, offering a diverse range of voices and perspectives to the broader public. During the fellowship, Brian plans to reach out to more non-profits for programming and restart the Radio Free Detroit Broadcast Boot Camp Program. In the future, Radio Free Detroit hopes to become a household name in internet radio and reach a broad array of listeners that continues to highlight diverse voices.

*“The optiMize experience helped me flush out the details of my vision and narrow down the details of Radio Free Detroit [...] I learned I’m not alone in having a vision for a project that has an impact on the community and resources are available to assist.”*  
- Brian D. Scott
